patrick.sachon@metoffice.gov.uk

Presentation title:

REDUCING COSTS AND IMPROVING EFFICIENCY USING ROUTE BASED FORECASTING

Other Authors

Hurrell, Theresa, Met Office, theresa.hurrell@metoffice.gov.uk

Summary:

The Met Office is a world leader in providing weather and climate services and we've been forecasting the weather for more than 150 years. We work closely with our road customers to enable them to make informed decisions with confidence that reduce the impacts of weather by ensuring roads flow freely and safely all year round.
